Are you turning 65 in the next 12 months? You will be eligible for new benefits. Medicare can be very confusing to navigate. Even if you are not retired, it is essential to educate yourself now to avoid any penalties in the future.

Attending one of our Medicare workshops is a great way to get to know your Medicare Health Plan options. Join others from your community and listen to an educational presentation from a licensed insurance agent, where you will learn important facts about Medicare so that you can find the health plan that is best for you.

Only Medicare will be discussed at this event.

Our goal is to provide you with the nation's most personalized, painless, and prosperous Medicare experience. Period. Which is why we guarantee you a direct, one-on-one Medicare advisor to help you with EVERY important decision EVERY step of the way. We'll always give you the answers you need in terms you can understand from day one. It's a simple principle that Health1 is built on.

We're a rapidly growing team founded by some of the nation's top Medicare advisors. We started Health1 because we wanted to simplify the Medicare process and make Medicare accessible, affordable, trustworthy, and, most important, personal to the unique Medicare needs of beneficiaries nationwide. We do things a little differently, more personally, and we're proud of it!
